

4. Birds use many different materials to build their nests with. Can you spot any of these materials around the Bird Garden? (Tick them off as you spot them...)

- |                                   |                                |                               |                                 |
|-----------------------------------|--------------------------------|-------------------------------|---------------------------------|
| <input type="checkbox"/> twigs    | <input type="checkbox"/> moss  | <input type="checkbox"/> mud  | <input type="checkbox"/> leaves |
| <input type="checkbox"/> feathers | <input type="checkbox"/> grass | <input type="checkbox"/> hair | <input type="checkbox"/> wool   |

5. Stand still for a while and listen to the bird noises. Tick the noises you can hear...

- |                          |                 |
|--------------------------|-----------------|
| <input type="checkbox"/> | Beak clattering |
| <input type="checkbox"/> | Quacking        |
| <input type="checkbox"/> | Squawking       |
| <input type="checkbox"/> | Screeching      |
| <input type="checkbox"/> | Other .....     |

Can you hear the adult birds 'talking' to their young?

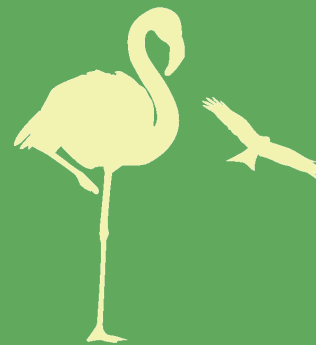

6. When you leave the Bird Garden, keep looking for signs of new life in the gardens and grounds. Keep a record of what you spot!

Mainly for  
7-11 years  
with an adult's

Harewood Family Trails

Learn at Harewood

1. During the Spring and Summer months there is lots going on in the Bird Garden! Many birds will have young or will be sitting on eggs. To see any chicks you will need to be very quiet and patient!

- a) As you walk around, keep a tally of how many nests, eggs and chicks you see...
- b) Can you identify the types of birds that they belong to?

Eggs	Nests	Chicks
Name of Bird	Name of Bird	Name of Bird

2. There are lots of wild ducks in the Bird Garden, they are called Mallards. The male Mallard ducks are brightly coloured with **g**..... heads. The females are mostly **b**..... The ducklings are **b**..... and **y**.....

3. As you explore the Bird Garden, look at the aviaries, enclosures and garden areas. Can you find where the birds nest?

Where does it nest?

Penguin	
Flamingo	
Pheasant	
Macaw	
Duck	
Toucan
